

La vélo école

La Vélo école focuses on developing the social skills (self-awareness, solidarity, parenting...) of women from popular neighborhoods through the improvement of their cycling skills. This project is part of the Game Changer Project by NOC*NSF and was initiated by the Social and Cultural Center Rosa-Parks & Régie de Quartier du 19ème.

In
2023

La Vélo école takes place in
the 19e arrondissement -

Paris

95

women participated
in at least one of the
program's activities.

61

women attended
bicycle classes.

In total, there were

54

bicycle classes,

spread over

135

hours.

The average age of
the participants was

56

year.

12

women participated in
the bicycle self-repair
workshop.

12

women received a
bicycle after success-
fully completing the
program.

29

women participated
in bicycle outings.

2024 →

In 2024, the project will continue, and women will once again be able to participate in various programs to improve their cycling skills, from cycling classes to repair courses, including workshops and bicycle rides.
